

OPEN LETTER TO THE PROVOST & COLLEGE COUNCIL

STOP THE 15% CUTS

DEFEND HIGHER EDUCATION

WE, THE UNDERSIGNED, note that UCL management is proposing to cut 15% of core HEFCE-funded staff across the college. Lecturers, technicians, administrators and clerical staff face losing their jobs over the next three years.

This would pass the costs of past mismanagement on to hard-working staff, increase staff workloads, lower staff morale and seriously damage the quality of teaching, research and the student experience at UCL. The underfunding of education will not be solved by cutting jobs.

WE THEREFORE DEMAND that UCL management halt these proposals and enter into formal negotiations with the trade unions to discuss ways to avoid these damaging cuts.
